Turks Adopt Pose of Saints and Kill Hope of an Immediate Peace

SHARP REJOINDER ISSUED
BY CURZON TO GESTURE OF
ISMET AS TURK APOLOGIST

(Associated Press Night Wire)

LAUSANNE, Dec. 12.—Ismet Pasha, head of the Turkish delegation, dashed the hopes of the near eastern conference for a speedy and satisfactory settlement for the protection of minorities in Turkey when, in an address at this afternoon's session, he insisted upon an exchange of the Greek populations in Anatolia for the Turks in Macedonia. He demanded exclusion of all foreign interference in Turkey which he said would protect for the remaining minorities as the Turks had always been able to get along with other nations when they kept out of politics and were not stirred up by outside influences.

Ismet declared that Turkey would not accept Lord Curzon's proposal to have the League of Nations administer the affairs of the minorities, as that would mean that the foreign powers would continue their interference in Turkish affairs and encourage the minorities to appeal to the League of Nations.

The Turkish chief delegate reviewed the entire history of Turkey from the time of the conquest of Constantinople. The Turks, he said, had lived peacefully with the Greeks and Armenians until a hundred years ago, when the Russians began agitating against the Mohammedans under the pretense that Russia was the protector of orthodox Christians in Turkey.

Lord Curzon replied in a spirited manner to Ismet, saying it was the first time the conference had seen the Turkish delegate as a historian, and had always thought of him before as a soldier and a diplomat. The British secretary said the conference was dealing with the affairs of peoples in the greatest distress and must find a solution for the problem of the miserable refugees and without regard for ancient history, and must frame a treaty which would protect these unhappy people.

CARRERO GETS
1 TO 10 YEARS

PLEADS GUILTY

Mauro Carrero Admits Shooting of Fellow Workman in Quarrel at Smelter Change-Room.

Mauro Carrero, employee of the United Verde smelter at Clarkdale, was sentenced to from one to ten years at the state penitentiary at Florence, for the shooting and killing of Nasario Gomez in the smelter change-room at Clarkdale November 18, according to a sentence imposed yesterday when Carrero pleaded guilty to charge of manslaughter before Superior Judge Sweeney. Carrero appeared in court yesterday morning, pleaded guilty and through his attorney, Neil C. Clark, waived time of sentencing.

Carrero shot and killed Gomez on November 18 when the two men were coming off shift at the smelter. They had quarreled, according to the authorities, over a woman. Carrero fired several shots at Gomez and then fled.

While sheriff's deputies were searching the hills in various parts of the county, Carrero boarded the early morning train at Jerome Junction, thinking to escape; but on the train was also Deputy Sheriff Bill Fitzgerald and Pecos Edwards, state livestock inspector for Yavapai. Fitzgerald, who had Carrero's photograph on a passport, recognized the fugitive and promptly placed him under arrest.

A charge of murder against Carrero was reduced to manslaughter, in view of the fact that the shooting had taken place in the course of a fight and that Carrero pleaded self-defense.

STRONG GUARD ON
BANK MONEY HELD
UP IN K.C. LOBBY

(Associated Press Night Wire)

KANSAS CITY, Dec. 12.—In a spectacular hold-up in the main lobby of the Livestock Exchange building here late today three unmasked bandits obtained \$96,000 and shot Thomas Henry, credit manager for the Drovers' National bank. Henry is expected to recover.

He was in charge of a detail of five men sent by the bank to get the money at a postoffice substation in the exchange building. They received the money in five packages. Joined by Jack Kelly, house detective, they started back to the bank.

As the bank messengers emerged into the main lobby, three bandits waving revolvers commanded them to hold up their hands.

All complied except Henry, who carried the largest package of money, said to have contained \$40,000. Henry clutched the package of money and tried to evade the holdup men.

One of the bandits pursued and fired. Henry fell to the floor. The bandit grabbed the package and joined his companions who had taken money packages from the other messengers. One package containing \$4,000 was overlooked.

The bandits retreated to the street where one accomplice was waiting in a motor car and another was standing guard to prevent outside interference. The five men drove south at high speed. Pursuit was not attempted. The bandit car was later found abandoned several blocks away.

CONSUL SHOT BY A
TREACHEROUS THUG
ON MALTESE STREET

(Associated Press Night Wire)

VALETA, Malta, Dec. 12.—Two arrests have been made in connection with the shooting today of Mason Mitchell, American consul here. Mr. Mitchell was resting at his home tonight suffering from a flesh wound in the left side, which is said to be not of a serious nature.

One of the men arrested is Lorenzo Bonello, a Maltese, who was dishonorably discharged from the army during the war after court-martial on a charge of disobeying orders. Bonello recently called at the consulate to press a claim for a pension, but was told that as a dishonorably discharged soldier, he was entitled to none.

Mr. Mitchell was shot at close range from behind, his assailant using a .38 caliber revolver. At the impact of the bullet, which he described as "staggering," the wounded official turned and saw his attacker running down the street, then he coolly picked up the revolver and walked to the British military offices nearby where he was given attention, later being removed to his home.

HAD GOOD RAIN

Four inches of rain fell in two days in the Cave Creek district during the recent heavy storm of November 28 and 29, according to a report to the local forest service office by Ranger Thompson, in charge of that district. The Cave Creek district of the Prescott forest is on the edge of the desert, and the good rainfall reported will considerably improve grazing conditions there, it was stated by forest service officials.

GOVERNMENT RULES

(Associated Press Night Wire)

WASHINGTON, D. C., Dec. 12.—The government will take no action at this time on the proposed acquisition of Morris & Company's physical assets by Armour & Company of Chicago, it was formally announced today by the secretary of agriculture.

This decision was reached by Secretary Wallace after long study of the proposal and conferences with President Harding and Attorney General Daugherty. There was no indication in Washington whether Armour & Company would proceed with their negotiations for the Morris establishment, which is a competitor and one of the "big five" packing establishments.

Secretary Wallace declared there appeared to be no occasion for action at this time under the packers and stockyards act in connection with the proposal informally laid before him by J. Ogden Armour.

VARIED LABORS OF CHAMBER OF
COMMERCE: THE NEW DIRECTORS

The Yavapai County Chamber of Commerce will go into next year with its face to the future and with a set of leaders tried and true. Last night's annual meeting, marked by the submission of as comprehensive a set of reports as could possibly be desired, was terminated with the election of the new and enlarged board of directors whose job it will be to meet the ever-increasing problems of the expanding county.

Enough reports were submitted to keep the new officers busy for the whole year acting on the suggestions and bringing about the larger achievements aimed at by the outgoing administration at the time it had spent a full year on duty.

The record of President Heap, Secretary Grace Sparkes and the department heads is regarded from last night's meeting as of sterling worth, and an index of the gratitude of the chamber of commerce is seen in the fact that the vote for new directors, spread over 40 nominees to 16 offices was unanimous for Mr. Heap.

Miss Sparkes' report was brief but covered every detail of the work. It stands as a monument to the labor the office has had to perform during the past week, and testifies also to the excellent services of Mr. Jett, the assistant secretary.

This and other reports will be discussed and in some measure, presented to the readers of Prescott papers from time to time during the coming week. The selection of the representatives of outside towns on the board of directors was as follows:

Jerome—R. E. Tally, Walter Miller, J. S. Douglas, H. DeWitt Smith. Clarkdale—R. K. Duffy, Grant Dunlap. Clemenceau—J. N. Foster. Humboldt—G. M. Colvocoresses. Mayer—W. J. Mayer. Stoddard—G. W. Johnson. Crown King—M. P. Randolph. Kirkland—W. Thornburg. Ash Fork—C. E. Burton. Whipple Barracks—Dr. Gail Allee. Board of supervisors, Messrs. Midgley, Colwell and Haselfield.

REPORTS ABOUT
VANISHED BIRD
MEN UNFOUNDED

(Associated Press Night Wire)

NOGALES, Dec. 12.—Additional flights over Mexican territory in the search for Col. Francis C. Marshall and Lieut. D. L. Webber, missing aviators, were made today by four airplanes which arrived at noon from Tucson to join the Nogales squadron.

Two trips were made into Mexico, one a general reconnaissance while the second involved a careful search of the district southwest of Nogales, where a Mexican told of having seen two men in the uniforms of American officers Sunday afternoon.

Neither search yielded results. Col. A. J. McNab, commanding officer of Camp Stephen D. Little, rode in the observer's seat of one of the planes in the second reconnaissance.

Military authorities tonight denied rumors circulated this afternoon that an airplane had been found by cattlemen near Ariyaca, Arizona, west of Nogales.

Beside the four airplanes which arrived from Tucson today, other groups are expected within the next few days from the Pacific coast and Texas. The incoming planes, according to reports received here, will make a search of the territory along different routes on their way to Nogales.
